

WNC Nature Center's
Group Reservation Request Form

(reservations for civic organizations, summer programs, church outings, Scout visits, etc)

Many thanks for your reservations to the WNC Nature Center. This confirmation is provided for your records. We will make your reservations based on the contact made with the group leader named below. Should you need to cancel, please give us a courtesy call and we will be happy to assist you in making future arrangements.

We ask each group, designated as a group of ten or more paying participants, **to collect all admission fees from every member of your group** (including adults) so that we have one payment only per group. Individual participants paying for themselves at our front desk will pay full admission rates (\$10.95/adult & \$6.95/child + 7% State Sales Tax). Parents and children with memberships to the *Friends of the WNC Nature Center* or other non-profit organizations must pay admission at the same rate as all other group participants. Please ask all members of your party to also arrive at the same time prior to entering the Nature Center grounds. We have picnic areas for your use and lots of opportunities to take photographs.

MISSION STATEMENT

The Nature Center is a living museum exhibiting plants and animals native to the Southern Appalachians. The educational philosophy of the Nature Center is to interpret the natural environment of Western North Carolina in a holistic manner, treating each organism or environmental factor as a component of the overall ecosystem. Our goal is to foster understanding of the Southern Appalachian bioregion so that individual components of the ecosystem, including humans, may be seen and understood in the proper perspective.
